How to Use a Discussion Board

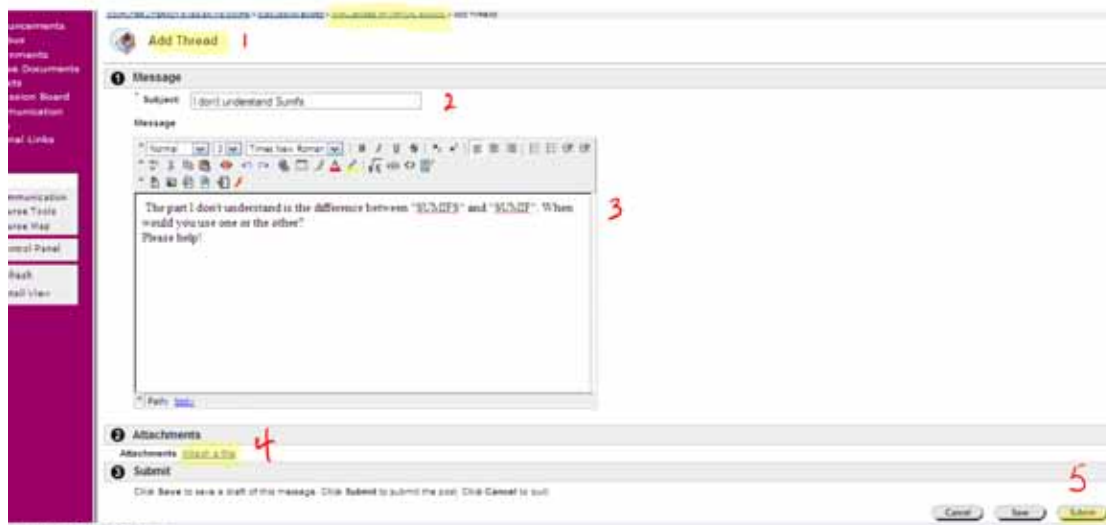

After you have logged on to NVS and gone to your classroom go to the Discussion Board which is a link on your left. Read about your teacher's expectations for the Discussion Board, which will probably require you to use proper English (no Instant Message abbreviations, etc.) and to stay on-subject with your contributions. Your posts may also be graded.

Click on the link to the Discussion Board you are supposed to be working on. Now you will be able to make a post by clicking on the (Add)Thread button.

In the next window you will write your post. 1) name of Discussion Board 2) Add Thread 3) Descriptive title 4) Message 5) You can add an attachment 6) Click Submit.

Now you can see the thread and the replies. Cool!
